Skeeter EMS UTVs: Rapid Response. Uncompromising Care. Designed to navigate challenging terrains and reach patients quickly, our EMS UTVs are built to perform when every second counts. Engineered with decades of fire service experience, these UTVs can be configured with essential medical equipment, transforming them into mobile first-aid stations. From patient transport to on-scene treatment, Skeeter EMS UTVs provide a versatile solution for emergency medical services. Customize your unit with options like medical equipment mounts, oxygen tank

Skeeter UTV

CUSTOMIZATION WHERE IT COUNTS, WHERE YOU WANT IT

- Navigate challenging terrains inaccessible with traditional apparatus.
- Customize with essential medical equipment mounts, oxygen tank holders.
- Transform the UTV into a mobile first-aid station for on-scene patient treatment or transport.
- Equipped with advanced safety features to protect both patients and first responders.
- Engineered with decades of fire service experience, ensuring quality and performance.
- Optional mounting provisions for stokes baskets or full size cots.
- UTV platform can be quickly reconfigured for other departmental needs such as search and rescue, wildland firefighting support, or community outreach events. One vehicle, multiple missions.
