GULL-WING

Accept No Limitations

- Engineering Based Design
- Limitless Customization
- Industry Leading Warranty

Designed for the multifaceted demands of modern firefighting, our Gull-Wing Response Vehicles combine command functionality with rapid-response firefighting capabilities. Engineered with decades of fire service experience, these purpose-built trucks are built to perform when you need them most. The innovative gull-wing design provides easy access to a mobile command center, offering ample workspace and communication equipment for incident management. Integrated seamlessly into the truck bed is a slide-in skid ultra-high-pressure (UHP) pump system.

GULL-WING

CUSTOMIZATION WHERE IT COUNTS, WHERE YOU WANT IT

- Integrated UHP pump system for efficient fire suppression capabilities.
- UHP technology maximizes water usage, extending spray times for fire control with less water.
- Configurable compartments provide organized storage for essential firefighting gear.
- Combines command with rapid-response firefighting in a single, purpose-built vehicle.
- A multi-functional vehicle that maximizes value without needing multiple specialized units.
- Custom paint, lighting, graphics, and limitless creative options for tool mounting.
- Optional integrated decontamination provisions compatible with any decontamination solution.
- Multiple pump and tank sizes to choose from with foam application available.

ENGINEERED TO LAST, BUILT TO SERVE

- Each build engineered and analyzed prior to fabrication
- Manufactured in accordance with state-of-the-art industry practices and methods
- Over 75 Service Centers nationwide with 100s of Mobile Techs ready to respond
- 5 Year Parts & Labor Warranty on all Skeeter Emergency Vehicle components
