FIRE UTV

Accept No Limitations

- Engineering Based Design
- Limitless Customization
- Industry Leading Warranty

Fire UTVs designed to meet the demands of wildland and rapid-response firefighting. Engineered with decades of fire service experience, our UTVs are built to perform when you need them most. Equip your UTV with a slide-in skid unit featuring a powerful ultra-high-pressure (UHP) pump system to create a highly effective and versatile firefighting tool. UHP technology, significantly extends spray times for more effective fire suppression with less water. Configure your ideal apparatus with options like tank size, hose reels, foam systems, tool mounts, lighting packages.

Skeeter UTV

CUSTOMIZATION WHERE IT COUNTS, WHERE YOU WANT IT

- Choose from multiple cab and chassis models from all major manufacturers.
- Featuring a 6 GPM @ 2400PSI Pump system with multiple water tank size options.
- Industry leading Ultra High Pressure fire fighting pump with patented UHP nozzles.
- Custom aluminum bodies built to meet mission requirements.
- Optional wildland insert quickly converts from fire attack to rescue when needed.
- Custom paint, lighting, graphics, and limitless creative options for tool mounting.
- Multiple missions options (EMS attendants chair / Stokes Basket carrier.)
- Skid unit utilizes OEM bed.
